

Accountant I — Detailed Curriculum

County Finance Department • Application-first, textbook-driven, mobile-delivered, agent-coached

Source text: Reck, Lowensohn & Neely, *Accounting for Governmental & Nonprofit Entities*, 18th ed. — cited as **[GNP]**. **Companion documents:** v1 (design logic), v2 (assignment mapping), v3 (mobile architecture), v4 (agent layer), Coach Agent Behavior Spec.

This is the build document. Every unit is named, numbered, sourced, and timed.

How to read this

Unit ID scheme. W3.L2 = Week 3, Lesson 2. Formats: **L** lesson (7–10 min, phone), **P** practice (12–20 min, phone), **C** case (8–12 min, phone), **V** voice explain (2–3 min each, phone), **D** drill (3–5 min ×2 daily, phone), **M** milestone (60–120 min, off-phone).

Source column. E/P 4-20 = Exercise/Problem 4-20 from the text. Q 4-10 = Question 4-10. Case 4-13 = Case 4-13. LO4-1 = the chapter's own learning objective.

★ marks a graded milestone. ► marks a currency patch — content where the 2019 text is superseded and the lesson must correct it.

Weekly load: ~75 min on phone + one off-phone milestone of 60–120 min + reading. Total ~6.5–8 hrs inside a normal work week.

Program totals: 16 weeks • 58 lessons • 91 practice sets • 16 cases • 47 voice items • 16 milestones • 604 drill cards • 11 graded milestones + 1 capstone.

Week 0 — Environment and orientation

Nothing is taught. Everything is assembled. Do not start Week 1 until all six are done.

ID	Item	Acceptance
	ERP sandbox access: inquiry, unposted JE entry, report writer,	Learner can log in and run one

W0.1	AR, fixed assets, project accounting	standard report unaided
W0.2	County document corpus loaded: last two ACFRs, current adopted budget, chart of accounts, fund list, last single audit + management letter, two active grant award files, 12 months of Commissioners Court agendas	Verifier retrieval returns correct answers on 10 spot-check questions
W0.3	Facts table v1 published and dated	All thresholds sourced, no value from memory
W0.4	Answer-key path resolved (Connect access, or Reviewer agent keyed, or restricted item set)	Every assigned exercise has a verifiable expected result
W0.5	Excel current version with Power Query; error journal initialized	—
W0.6	County map deliverable — one page: fund structure, elected officials, reporting lines, revenue sources, fiscal year end	Presented verbally in 5 minutes to the Manager agent

PHASE 1 — LEDGER FLUENCY (Weeks 1–4)

Competencies C1 (reconciliation), C2 (journal entries), J (judgment), X (tooling)

Week 1 — Funds, the reporting model, and the chart of accounts

[GNP] Ch. 1 and Ch. 2 · LO1-1 → 1-4, LO2-1 → 2-4 · (skip LO1-5 federal, LO1-6 NFP)

Objectives. Distinguish government from commercial accounting and say why the difference exists. Name the three fund categories and all eleven fund types. Apply the major fund test. Locate any account in the county's chart by fund and type.

ID	Format	Content	Source	Min

W1.L1	Lesson	Why governments account differently: absence of a profit motive, legal restrictions on resources, accountability to citizens rather than owners	LO1-1, Q 1-1	9
W1.L2	Lesson	Interperiod equity — has this year's government pushed the cost of this year's services onto next year's taxpayers?	Q 1-5	8
W1.L3	Lesson	Fiscal accountability vs. operational accountability, and why that split produces two sets of statements	Q 1-6, LO2-1	10
W1.L4	Lesson	The eleven fund types across three categories; what each is <i>for</i>	LO2-3, Q 2-5	10
W1.L5	Lesson	Deferred outflows and deferred inflows — the two elements that aren't assets or liabilities	Q 2-7	8
W1.L6	Lesson	Fund balance classifications: nonspendable, restricted, committed, assigned, unassigned	Q 2-9, LO2-3	9
W1.P1	Practice	Matching fund types to fund categories	E/P 2-17	12
W1.P2	Practice	Matching funds and characteristics to fund vs. government-wide statements	E/P 2-18	15
W1.P3	Practice	Matching funds with transactions	E/P 2-19	15
W1.P4	Practice	Fund balance classification sorter	E/P 2-20	12
W1.P5	Practice	Major fund determination, two data sets	E/P 2-21, 2-22	18
W1.P6	Practice	Comparing government, NFP, and commercial statements	E/P 1-18, 1-20, 1-21	15
W1.C	Case	Evaluating a city's basic financial statements	Case 2-12	12
W1.V	Voice x3	Q 1-5 (interperiod equity), Q 2-8 (expenses vs. expenditures), Q 2-6 (why funds exist)		8

W1.M	Milestone	E/P 1-17 + E/P 2-15 against the county's own ACFR. Deliverable: annotated fund map — every county fund, its type, legal authority, revenue sources, and major-fund determination shown with the 2-21 method applied to real numbers	E/P 1-17, 2-15	90
W1.D	Drill	+42 cards: fund type definitions ×11, fund category assignment ×11, deferred inflow/outflow ×6, fund balance classification ×5, major fund criteria ×4, vocabulary ×5		—

► **Currency patch W1:** “CAFR” is now **ACFR** (GASB 98). The text uses the old term throughout — every occurrence the learner reads must be mentally renamed. Also confirm GASB 84 fiduciary criteria as covered (this edition was rewritten for it).

Check. The learner explains to a non-accountant, in under two minutes, why the county cannot spend road-and-bridge money on the jail. If they reach for the word “fund” as an explanation rather than as a mechanism, they don’t have it.

Expected errors. Category 1 dominates — the vocabulary is entirely new. Do not read high Category 1 rates this week as a problem.

Week 2 — Budgetary accounting and classification

[GNP] Ch. 3 · LO3-1 → 3-5 · (skip LO3-6, school districts)

Objectives. Distinguish appropriations, expenditures, encumbrances, and expenses without hesitation. Record a budget, an encumbrance, and its liquidation. Classify any revenue as program or general, and any expenditure by character and function.

ID	Format	Content	Source	Min
W2.L1	Lesson	The budget as law: appropriation is legal spending authority, not a plan	LO3-5, Q 3-7	9
W2.L2	Lesson	The encumbrance cycle — commit, receive, liquidate — and why governments do this at all	Q 3-9, LO3-5	10
W2.L3	Lesson	Program revenue vs. general revenue, and why the statement of activities is built that way	Q 3-6, LO3-1	10
W2.L4	Lesson	Revenues vs. other financing sources; expenditures vs. other financing uses	Q 3-5, LO3-2	9

W2.L5	Lesson	Expenditure classification: character, function, organization unit, object	LO3-4	9
W2.P1	Practice	Classifying program and general revenues	E/P 3-17	12
W2.P2	Practice	Classifying expenditures by character	E/P 3-18	12
W2.P3	Practice	Classifying revenues	E/P 3-19	12
W2.P4	Practice	Recording the budget and ending fund balances	E/P 3-20	15
W2.P5	Practice	Budgetary control over expenditures	E/P 3-21	15
W2.P6	Practice	Recording encumbrances	E/P 3-23	15
W2.P7	Practice	Subsidiary ledgers	E/P 3-25	15
W2.P8 ★	Practice	Recording General Fund operating budget and operating transactions	★E/P 3-24	25
W2.C	Case	Budgetary comparison statements: budget basis vs. GAAP basis	Case 3-12	12
W2.V	Voice ×3	Q 3-9 (the four-term distinction), Q 3-6 (program vs. general), Q 3-8 (which funds need budgetary comparison)		8
W2.M	Milestone	E/P 3-15 on the county ACFR , then reproduce E/P 3-26 (<i>Departmental Budgetary Comparison Report</i>) using one real county department's current-year ERP data	E/P 3-15, 3-26	100
W2.D	Drill	+38 cards: budgetary account definitions ×8, encumbrance sequence ×6, revenue classification reflexes ×12, expenditure character ×8, OFS/OFU ×4. Spaced in: Week 1 pool. Quiz: none yet		—

► **Currency patch W2 (GASB 103).** The budgetary comparison schedule is now presented as **required supplementary information**, not as a basic financial statement, and carries an added column showing the change from original to final budget. The text's format predates this. Show both formats side by side; the learner must be able to produce the current one.

Check. Q 3-9 answered cold and aloud. This vocabulary is load-bearing for everything after.

Week 3 — Operating transactions: recording

[GNP] Ch. 4 · LO4-1, 4-4 → 4-7 · *Two-week chapter. Do not compress.*

Objectives. Record any routine operating transaction at both levels. Recognize when the two levels diverge and when they don't. Apply the availability criterion correctly and only where it applies.

ID	Format	Content	Source	Min
W3.L1	Lesson	Exchange vs. nonexchange; the four nonexchange classes (derived tax, imposed nonexchange, government-mandated, voluntary)	LO4-7, Q 4-10	10
W3.L2	Lesson	The property tax levy: gross levy, estimated uncollectible, net revenue	Q 4-5, illustrative case	10
W3.L3	Lesson	Deferred Inflows — Unavailable Revenues, and the availability period. The single most consequential concept in the chapter	Q 4-11 + county policy note	10
W3.L4	Lesson	Interfund transfers vs. interfund loans vs. reimbursements vs. services provided	LO4-5	10
W3.L5	Lesson	Special revenue funds and voluntary nonexchange revenue	LO4-4	8
W3.P1	Practice	Recording encumbrances and expenditures, 4 steps	E/P 4-18	15
W3.P2	Practice	Accounting for property taxes, 5 steps	E/P 4-19	18
	Practice			

W3.P3	— Dual-Track Toggle ×8	Property taxes: General Fund vs. governmental activities. The signature exercise of the program	E/P 4-20	22
W3.P4	Practice	Tax anticipation note sizing, issuance, repayment	E/P 4-21	18
W3.P5	Practice	Interfund and inter-activity transactions	E/P 4-25	18
W3.P6	Practice	Special revenue fund, voluntary nonexchange	E/P 4-23	15
W3.P7	Practice	Inventory: purchases method vs. consumption method	E/P 4-26	15
W3.C	Case	Volatility of taxable property values	Case 4-13	12
W3.V	Voice ×3	Q 4-4 (why some transactions differ between levels), Q 4-6 (why tax revenue differs between levels), Q 4-7 (inventory methods)		8
W3.M	Milestone	Trace the county's property tax cycle end to end — levy, collection by the tax assessor-collector, distribution to taxing units, delinquency, deferred inflow. Reconcile one month of tax distributions to the GL	County work	120
W3.D	Drill	+46 cards: nonexchange classes ×8, availability rule ×10, dual-track pairs ×16, interfund types ×8, TAN mechanics ×4. Quiz: MC 3-16 (last week's chapter)		—

► **Currency patch W3.** Locate the county's own availability period in the significant accounting policies note of the ACFR. Read it aloud. It is commonly 60 days but is a policy choice, and the learner must know *theirs*, not a textbook default.

Expected errors. Category 2 spikes here and should. E/P 4-20 transaction 5 (reclassification to delinquent, not collectible within 60 days) reliably produces the deferred-inflow-on-both-tracks error. See the Coach Agent Spec §8 for the full handled dialogue. Three Dual-Track Toggle injections per occurrence.

Week 4 — Operating transactions: closing, reporting, and error

handling

[GNP] Ch. 4 · LO4-2, 4-3, 4-8

Objectives. Close a General Fund. Produce year-end fund statements and a budgetary comparison schedule. Classify an error correctly and choose the right escalation.

ID	Format	Content	Source	Min
W4.L1	Lesson	Closing budgetary accounts and operating accounts — two separate closings, and why	LO4-2	10
W4.L2	Lesson	The year-end fund financial statements: what goes on each	LO4-3	10
W4.L3	Lesson	Interim reporting — why a government that reports only annually is less accountable	Q 4-8, LO4-8	8
W4.L4 ■	Lesson	GASB 100: change in principle vs. change in estimate vs. change to the reporting entity vs. correction of an error — and the different disclosure each triggers	Outside text	10
W4.L5	Lesson	Escalation judgment: fix silently, fix and notify, or stop and escalate	J competency	9
W4.P1	Practice	Adjusting and closing entries	E/P 4-22	20
W4.P2 ★	Practice	Transactions and budgetary comparison schedule	★E/P 4-24	25
W4.P3	Practice	Permanent fund and related special revenue fund transactions	E/P 4-28	18
W4.P4	Practice	Correcting-entry sorter — 8 planted errors: misclassified expenditure, wrong fund, wrong fiscal year, duplicate payment, reversed sign, wrong grant, charge to a closed project, coding error changing a budgetary line	Authored	20
W4.C	Case	Reporting grant transactions of local government recipients — first item in the grants thread ; extend by asking what changes if the grant is federal pass-through rather than state	★Case 4-15	15

W4.V	Voice x3	Q 4-1 (revenue sources and which fund), Q 4-2 (statement of revenues, expenditures, changes in fund balance), Q 4-9 (permanent funds vs. public-purpose trusts)		8
W4.M ★	Milestone — PHASE GATE	★E/P 4-27 <i>Operating Transactions and Financial Statements</i> , cold and timed. Then the escalation memo exercise : five discovered errors, five 5-line memos choosing fix-silently / fix-and-notify / stop-and-escalate. Manager agent responds in role to each choice, including responding badly to a bad call	★E/P 4-27	120
W4.D	Drill	+34 cards: closing sequence x6, statement contents x10, GASB 100 categories x8, error-type recognition x10. Quiz : MC 4-17 (delivered Week 5)		—

★ **PHASE 1 GATE.** Advance on Level 2 or better on C2 (journal entries) and C1 (ledger integrity). A Level 1 on either means repeating Weeks 3–4 with substituted exercises (4-24 in place of 4-27, fresh error set).

Escalation calls in either direction are the most common failure of a new Accountant I. Score W4.M's memos harder than the journal entries.

PHASE 2 — ASSETS, PROJECTS, AND OBLIGATIONS (Weeks 5–9)

Competencies C6 (capital assets and projects), C3 (revenue cycle), C4 (contract review)

Week 5 — General capital assets

[GNP] Ch. 5 · LO5-1, 5-2

Objectives. Distinguish capital assets from controlled property. Record acquisition, depreciation, impairment, and disposition at both levels. Review an asset transfer form and know what makes one invalid.

ID	Format	Content	Source	Min
W5.L1	Lesson	What makes an asset a <i>general capital asset</i> , and why it appears at only one level	LO5-1, Q 5-1	10
W5.L2	Lesson	Capitalization threshold vs. controlled property — the \$4,800 laptop problem	Q 5-3	8
W5.L3	Lesson	Depreciation, and the modified approach for infrastructure	Q 5-6, LO5-2	10
W5.L4	Lesson	Impairment: identifying it, measuring it, reporting it	LO5-2	9
W5.L5 ▶	Lesson	GASB 87 leases — the single right-of-use model that replaced the text's operating/capital split	Outside text	10
W5.L6 ▶	Lesson	GASB 96 SBITAs and GASB 104 capital asset disclosures	Outside text	9
W5.P1	Practice	General capital assets: acquisition through disposition	E/P 5-18	20
W5.P2	Practice	Capital asset disclosures	E/P 5-19	15
W5.P3	Practice	Capital assets acquired under lease agreements — work as written, then rework under GASB 87 . The contrast is the lesson	E/P 5-20	25
W5.P4	Practice	Asset impairment	E/P 5-21	15
W5.C	Case	Standard setting for lease accounting — the “recently adopted” standard in this case <i>is</i> GASB 87	Case 5-12	12
W5.V	Voice ×3	Q 5-2 (required disclosures), Q 5-4 (entries in both journals), Q 5-5 (intangibles)		8
W5.M	Milestone	Review 10 real electronic asset transfer forms; reject three with written reasons. Build the county's capital asset roll-forward — beginning, additions, disposals, transfers, ending, accumulated depreciation — and tie it to the GL	County work	110

W5.D	Drill	+40 cards: capital vs. controlled ×6, capitalization threshold ×4, depreciation vs. modified approach ×6, impairment indicators ×6, GASB 87 lease terms ×10, SBITA criteria ×8. Quiz: MC 4-17		—
------	-------	--	--	---

Week 6 — Capital projects and work authorizations

[GNP] Ch. 5 · LO5-3, 5-4, 5-5

Objectives. Record a capital project from bond issuance through closeout. Handle encumbrances at year end. Tie a project ledger to the GL and to the contract file.

ID	Format	Content	Source	Min
W6.L1	Lesson	The capital projects fund: purpose, life cycle, and closeout	LO5-3, Q 5-7	10
W6.L2	Lesson	Bond proceeds as an other financing source; premiums, discounts, and where they go	LO5-4	10
W6.L3	Lesson	Retainage, and why it is a payable rather than a reduction of expenditure	LO5-4	8
W6.L4	Lesson	Encumbrances outstanding at year end — the treatment choice and its disclosure	Q 5-7	9
W6.L5	Lesson	Bond anticipation notes: current or long-term?	Q 5-9	8
W6.L6	Lesson	Work authorizations, change orders, and amendments — the contract layer above the ledger	County / C6	10
W6.P1	Practice	Recording capital projects fund transactions	E/P 5-22	20
W6.P2	Practice	Recording bond transactions	E/P 5-23	18
W6.P3	Practice	Statement of revenues, expenditures, and changes in fund balances	E/P 5-24	18
W6.P4 ★	Practice	Multiple-project fund transactions	★E/P 5-25	25

W6.P5 ★	Practice	Capital projects transactions	★E/P 5-26	25
W6.C	Case	Recording and reporting damaged capital assets	Case 5-14	12
W6.V	Voice ×2	Q 5-8 (special assessments), Q 5-10 (service concession arrangements)		6
W6.M	Milestone	Build a project cost ledger for one live county capital project: budget vs. commitments vs. expenditures vs. remaining, reconciled to the GL and the contract file, with every work authorization and change order tied to a Commissioners Court action date. Interview the project manager first	County work	120
W6.D	Drill	+32 cards: capital project sequence ×8, OFS vs. revenue ×6, retainage ×4, encumbrance year-end treatment ×6, BAN classification ×4, change order routing ×4. Quiz: MC 5-17		—

Check. Given a change order, the learner determines: is there budget, which fund and account, does it need Court approval, and what changes in the project ledger. All four, unprompted.

Week 7 — Long-term liabilities and debt service

[GNP] Ch. 6 · LO6-1 → 6-5

Objectives. Distinguish general long-term liabilities from fund liabilities. Record debt service. Produce a legal debt margin and an overlapping debt schedule.

ID	Format	Content	Source	Min
W7.L1	Lesson	What makes a liability <i>general long-term</i> — and why it never appears in a governmental fund	LO6-1, Q 6-1	10
W7.L2	Lesson	The debt service fund: purpose, and whether it needs a budget	Q 6-3, LO6-3	9
W7.L3	Lesson	Serial vs. term bonds; why governments favor one	Q 6-8, LO6-4	9

W7.L4	Lesson	Debt limits, legal debt margin, and overlapping debt — the citizen's-eye view	Q 6-6, Q 6-7, LO6-2	10
W7.L5 ■	Lesson	GASB 101 compensated absences — a long-term liability the text still measures under the superseded GASB 16 model	Outside text	10
W7.P1	Practice	Long-term liability transactions	E/P 6-18	20
W7.P2	Practice	Budgeted and actual debt service transactions	E/P 6-19	18
W7.P3	Practice	Legal debt margin and direct and overlapping debt	E/P 6-21	18
W7.P4	Practice	Debt service fund trial balance	E/P 6-22	15
W7.P5 ★	Practice	Comprehensive capital assets / serial bond problem	★E/P 6-25	30
W7.C	Case	Assessing general obligation debt burden	Case 6-14	12
W7.V	Voice x3	Q 6-2 (note disclosures), Q 6-9 (issuance costs at both levels), Q 6-10 (advance refunding)		8
W7.M	Milestone	E/P 6-16 on the county ACFR (long-term debt note and schedules), then reproduce the county's own legal debt margin and direct-and-overlapping-debt schedule from source data , without looking at the published statistical section until finished	E/P 6-16 + county	100
W7.D	Drill	+30 cards: general long-term vs. fund liability x6, debt service mechanics x6, serial vs. term x4, debt margin calculation steps x6, compensated absences under GASB 101 x8. Quiz: MC 5-17		—

Week 8 — Proprietary funds and internal billing

[GNP] Ch. 7 · LO7-1 → 7-5 · (LO7-6 appendix optional)

This week carries the **C3 revenue cycle** competency, because internal service billing is the direct analogue of the “creates and bills monthly and quarterly invoices” duty.

ID	Format	Content	Source	Min
W8.L1	Lesson	Proprietary funds: full accrual, economic resources, and why dual-track doesn't apply	Q 7-1, Q 7-7, LO7-1	10
W8.L2	Lesson	Internal service vs. enterprise — the customer test	LO7-4	8
W8.L3	Lesson	The three net position components	Q 7-6, LO7-5	9
W8.L4	Lesson	Restricted assets in an enterprise fund	Q 7-5	8
W8.L5	Lesson	Internal service fund rate-setting: cost pool → allocation base → department charge	Outside text	10
W8.P1	Practice	Characteristics of proprietary funds	E/P 7-18	12
W8.P2	Practice	Information technology internal service fund	E/P 7-19	20
W8.P3	Practice	Central garage internal service fund	E/P 7-20	20
W8.P4	Practice	Internal service fund statement of cash flows	E/P 7-21	20
W8.P5	Practice	Net position classifications, two data sets	E/P 7-23, 7-26	15
W8.P6 ★	Practice	Enterprise fund journal entries and financial statements	★E/P 7-25	30
W8.C	Case	Internal service fund reporting	Case 7-12	12
W8.V	Voice ×3	Q 7-3 (should an internal service fund submit a budget?), Q 7-8 (internal balances), Q 7-11 (dissolving an internal service fund)		8

W8.M	Milestone	E/P 7-16 on the county ACFR. Then: for one county internal service fund (fleet, IT, or self-insurance) trace the billing rate from cost pool to department charge, and reconcile one month of internal billings . Produce the AR aging and a past-due follow-up log with three escalation letters drafted	E/P 7-16 + county	110
W8.D	Drill	+34 cards: proprietary characteristics ×6, ISF vs. enterprise ×6, net position components ×6, cash flow categories ×8, restricted assets ×4, rate-setting steps ×4. Quiz: MC 6-17		—

Check. For any invoice the county issues, the learner can name which paragraph of which agreement entitles the county to the money.

Week 9 — Fiduciary and custodial funds

[GNP] Ch. 8 · LO8-1 → 8-5 · (8-6 OPEB and 8-7 investments: read, don't drill)

Disproportionately important in a Texas county, where the tax assessor-collector collects for multiple taxing units and the county holds registry, bond, and trust funds.

ID	Format	Content	Source	Min
W9.L1	Lesson	The GASB 84 fiduciary criteria — control, and for whose benefit	Q 8-1, LO8-1	10
W9.L2	Lesson	Custodial funds vs. trust funds; which statements each gets	Q 8-2, Q 8-5, LO8-2	10
W9.L3	Lesson	Tax custodial funds: collecting for other taxing units, and the problems that arise	Q 8-4, LO8-2	10
W9.L4	Lesson	Pass-through custodial funds — when the treatment is appropriate and when it isn't	Q 8-6, LO8-2	9
W9.L5	Lesson	Pension trust funds and the employer's side of pension accounting	Q 8-10, LO8-5	10
W9.P1			★E/P	

★	Practice	Tax custodial fund	8-19	22
W9.P2	Practice	Special assessment debt	E/P 8-20	18
W9.P3	Practice	Identification of fiduciary funds	E/P 8-21	15
W9.P4 ★	Practice	Pass-through custodial funds	★E/P 8-23	20
W9.P5	Practice	Fiduciary financial statements, two data sets	E/P 8-24, 8-25	22
W9.C	Case	Evaluating the new fiduciary activities standard (GASB 84)	Case 8-15	12
W9.V	Voice x3	Q 8-3 (trust fund types), Q 8-7 (external investment pools), Q 8-8 (private-purpose trusts)		8
W9.M	Milestone	E/P 8-16 on the county ACFR. Then: list every custodial and trust fund the county holds, name the beneficiary of each, and confirm each against the GASB 84 criteria. Flag any that shouldn't be fiduciary	E/P 8-16 + county	100
W9.D	Drill	+30 cards: GASB 84 criteria x8, custodial vs. trust x6, fiduciary statement contents x4, tax custodial mechanics x6, pass-through conditions x6. Quiz: MC 7-17		—

★ **PHASE 2 GATE.** Level 2+ on C6 (capital assets and projects) and C3 (revenue cycle). Evidence: W6.M project ledger and W8.M billing reconciliation.

PHASE 3 — REPORTING AND CONVERSION (Weeks 10–12)

Competencies C7 (close and year-end), C8 (reporting and analysis)

Week 10 — The reporting entity and the statements

[GNP] Ch. 9 · LO9-1 → 9-3

ID	Format	Content	Source	Min
W10.L1	Lesson	Primary government, component unit, financial reporting entity	Q 9-1, Q 9-3, Q 9-4, LO9-1	10
W10.L2	Lesson	Blended vs. discretely presented component units, and when each applies	Q 9-5, LO9-2	10
W10.L3	Lesson	The nine required statements and what each is for	Q 9-7, LO9-4	10
W10.L4	Lesson	The three sections of an ACFR: introductory, financial, statistical	Q 1-8, Q 9-6, LO9-3	9
W10.L5 ■	Lesson	GASB 103 MD&A content requirements and the proprietary fund presentation changes	Outside text	10
W10.P1	Practice	Primary governments	E/P 9-18	15
W10.P2	Practice	Financial reporting	E/P 9-19	15
W10.P3	Practice	Net position classification	E/P 9-23	15
W10.P4	Practice	Governmental fund financial statements	E/P 9-25	22
W10.P5	Practice	Government-wide financial statements	E/P 9-26	22
W10.C	Case	Identification of component units — then apply it: which of the county's related entities qualify, and why?	Case 9-12	15
W10.V	Voice x3	Q 9-6 (ACFR vs. general purpose external reports), Q 9-10 (popular reporting), Q 9-11 (the financial reporting model project)		8

W10.M	Milestone	E/P 9-16 on the county ACFR , plus: identify every component unit in the county's reporting entity, state whether it is blended or discrete, and cite the criterion that produced that answer	E/P 9-16	90
W10.D	Drill	+30 cards: component unit criteria ×8, blended vs. discrete ×6, the nine statements ×9, ACFR sections ×3, MD&A required elements ×4. Quiz: MC 8-17 and 8-18		—

Week 11 — Reconciliation and conversion

[GNP] Ch. 9 + Appendix A · LO9-4, 9-5 · *The highest-value week in the program*

Read Appendix A (*Converting Accounting Information from the Modified Accrual to the Accrual Basis*) — ten pages, more directly useful to this role than any other section of the book.

ID	Format	Content	Source	Min
W11.L1	Lesson	Why two reconciliations are required, and what they're reconciling	Q 9-8, LO9-4	10
W11.L2	Lesson	The five recurring reconciling items: capital assets, long-term debt, deferred inflows/outflows, internal service funds, accrued items	Q 9-9, App. A	10
W11.L3	Lesson	The conversion worksheet: mechanics, order of operations, and where it breaks	App. A	10
W11.L4	Lesson	Intra-entity transactions and their elimination	LO9-4	9
W11.P1	Practice	Reconciliation of the governmental funds balance sheet to the statement of net position	E/P 9-21	22
W11.P2	Practice	Operating statements reconciliation	E/P 9-22	22
W11.P3	Practice	Change in net position of governmental activities	E/P 9-24	18
W11.P4	Practice	Converting from modified accrual to accrual	★E/P	30

★		accounting	9-27	
W11.P5 ★	Practice	Comprehensive set of transactions	★E/P 9-20	35
W11.C	Case ×2	Analyzing reconciliation of financial reports (Case 9-14); MD&A and statistical tables using the Denver MD&A in Appendix B as the model (Case 9-13)	Cases 9-13, 9-14	20
W11.V	Voice ×2	Q 9-8 (why reconciliations are required), and: <i>explain without notes why a grant receivable can exist at the government-wide level while nothing is recognized as revenue in the fund</i>		8
W11.M ★	Milestone — PHASE GATE	Rebuild the county's own two required reconciliations from last year's ACFR, from the trial balances, without looking at the published answer. Then compare and account for every difference	County work	120
W11.D	Drill	+36 cards: reconciling item types ×10, conversion adjustment direction ×12, intra-entity eliminations ×6, dual-track re-injection ×8. Quiz: MC 9-17 (delivered Week 12)		—

★ **PHASE 3 GATE.** Level 2+ on C7. Evidence: E/P 9-27, E/P 9-20, and the county reconciliation rebuild. **This is the hardest gate in the program.** A learner who clears it can do the job.

Week 12 — Analysis and interpretation

[GNP] Ch. 10 · LO10-1 → 10-5

ID	Format	Content	Source	Min
W12.L1	Lesson	Financial position, financial condition, economic condition — three different questions	Q 10-1, LO10-2	10
W12.L2	Lesson	The four types of solvency (cash, budgetary, long-run, service-level)	Q 10-3, LO10-2	10
		The ratio set: what each measures and what	LO10-4,	

W12.L3	Lesson	each misses	Q 10-8	10
W12.L4	Lesson	Why fund-only ratios mislead	Q 10-5	8
W12.L5	Lesson	Benchmarking and bond rating factors	Q 10-10, Q 10-11, LO10-5	9
W12.P1	Practice	Financial condition	E/P 10-18	18
W12.P2	Practice	Benchmarks	E/P 10-19	18
W12.P3 ★	Practice	Financial analysis	★E/P 10-20	25
W12.P4	Practice	Comparative ratios	E/P 10-21	18
W12.C	Case ×2	Financial analysis (Case 10-14); financial trends (Case 10-15)	Cases 10-14, 10-15	20
W12.V	Voice ×3	Q 10-7 (should citizens worry about declining pension funding?), Q 10-9 (EMMA), Q 10-2 (Financial Trend Monitoring System)		8
W12.M	Milestone	E/P 10-16 on the county ACFR. Compute the full ratio set for the county across three years. Write a one-page narrative for a non-accountant reader	E/P 10-16	100
W12.D	Drill	+28 cards: solvency types ×4, ratio formulas ×12, ratio interpretation ×8, rating factors ×4. Quiz: MC 9-17		—

Check. The narrative contains at least one insight the ratios don't state outright, and no sentence a commissioner would need an accountant to interpret.

PHASE 4 — COMPLIANCE AND CAPSTONE (Weeks 13–16)

Competencies C5 (grants), C4 (contract review), C8 (communication)

Week 13 — Auditing and the single audit

[GNP] Ch. 11 · LO11-1 → 11-4

ID	Format	Content	Source	Min
W13.L1	Lesson	The financial audit: purpose, standard setters, and the opinion	Q 11-1, LO11-1	10
W13.L2	Lesson	Opinion units — why a government gets many opinions, not one	Q 11-4	9
W13.L3	Lesson	GAGAS vs. GAAS; the three service types	Q 11-2, Q 11-8, LO11-2	10
W13.L4	Lesson	Independence and nonaudit services	Q 11-9, LO11-2	9
W13.L5 ▶	Lesson	The single audit: current thresholds. \$1,000,000 expended triggers it; Type A threshold \$1,000,000 for entities up to \$34M total federal expenditures — effective for fiscal years beginning on or after October 1, 2024. The text's numbers are superseded	Q 11-10 + facts table	12
W13.L6	Lesson	Major program determination and the risk-based approach	LO11-3	10
W13.P1	Practice	Continuing professional education requirements	E/P 11-20	12
W13.P2	Practice	Allowable nonaudit services	E/P 11-21	15
W13.P3	Practice	GAAS vs. GAGAS	E/P 11-24	15

W13.P4	Practice	Audit report	E/P 11-25	15
W13.P5 ★	Practice	Single audit — work as written, then rework under current thresholds. The contrast teaches the rule better than either version alone	★E/P 11-22, 11-23	30
W13.C	Case x2	Research case — single audit (Case 11-14); auditing a federal program (Case 11-15)	Cases 11-14, 11-15	20
W13.V	Voice x3	Q 11-7 (how a government audit report differs), Q 11-10 (Type A vs. Type B), Q 11-5 (the GAAP hierarchy)		8
W13.M	Milestone	E/P 11-18 on the county ACFR , plus the county's most recent single audit report and management letter. For each prior-year finding: what changed, and who owns it now?	E/P 11-18 + county	110
W13.D	Drill	+32 cards: opinion units x4, GAGAS/GAAS differences x6, independence threats x6, single audit thresholds x6, major program determination steps x6, SEFA contents x4. Quiz: MC 10-17		—

Week 14 — Budgeting and grant cost issues

[GNP] Ch. 12 · LO12-1 → 12-6, weighted heavily to **LO12-6, budget and cost issues in grant accounting**

ID	Format	Content	Source	Min
W14.L1	Lesson	Budgeting approaches: incremental, zero-based, performance, outcome	Q 12-2, LO12-2	10
W14.L2	Lesson	The annual budget process and its calendar	Q 12-5, LO12-3	9
W14.L3	Lesson	Service efforts and accomplishments: inputs, outputs, outcomes	Q 12-7, Q 12-8, LO12-4	10

W14.L4 ▀	Lesson	Allowable costs under 2 CFR 200: §200.403 factors affecting allowability, §200.405 allocability, §200.414 indirect costs	Q 12-10, LO12-6	12
W14.L5 ▀	Lesson	The 2024 Uniform Guidance revision: de minimis indirect rate up to 15% of MTDC; only the first \$50,000 of each subaward in MTDC; equipment benchmark \$10,000. Check the award's effective date before applying any rule	Outside text	12
W14.L6 ▀	Lesson	TxGMS v2.1 (Texas Comptroller, October 2025) and Texas Gov't Code Ch. 783 — what applies to state pass-through awards	Outside text	10
W14.P1	Practice	Police department budget	E/P 12-17	18
W14.P2	Practice	Illustrations within a budget document	E/P 12-18	15
W14.P3	Practice	SEA reporting, two data sets	E/P 12-19, 12-21	20
W14.P4	Practice	Activity-based costing in a government	E/P 12-20	18
W14.P5 ★	Practice	Allowable costs under federal grants	★E/P 12-22	25
W14.C	Case x2	Allowable costs under a federal grant (★Case 12-14); budget calendars (Case 12-13)	Cases 12-14, 12-13	20
W14.V	Voice x3	Q 12-1 (are budgets required?), Q 12-4 (stakeholder tensions in the budget), Q 12-10 (grant cost concerns)		8
W14.M	Milestone	E/P 12-15 <i>Examine the Budget</i> — using the county's own adopted budget. Then: build the contract review checklist (appropriation exists? which fund and account? does the not-to-exceed fit remaining budget? term inside the fiscal year? funding source and its strings? payment terms, retainage, invoicing enforceable)	E/P 12-15 + county	120

		as written? who certifies performance before payment?) and apply it to five real county contracts . Find at least one real problem		
W14.D	Drill	+34 cards: budgeting approaches ×4, SEA measure types ×6, allowability factors ×8, indirect cost rules ×6, UG thresholds ×6, TxGMS applicability ×4. Quiz: MC 11-19		—

Week 15 — Grants consolidation

No new chapter. The book distributes grant content across Chapters 4, 11, and 12; the job treats it as one standalone duty. This week reassembles it.

ID	Format	Content	Source	Min
W15.L1	Lesson	The grant lifecycle: award, period of performance, matching, drawdown, reporting, closeout	2 CFR 200	10
W15.L2	Lesson	Post-award requirements: §200.302 financial management, §200.303 internal controls, §200.305 payment	2 CFR 200	12
W15.L3	Lesson	§200.313 equipment and §200.328–.329 monitoring and reporting	2 CFR 200	10
W15.L4	Lesson	§200.501–.502 what counts as expended; §200.510 the SEFA	2 CFR 200	10
W15.L5	Lesson	Reading a Compliance Supplement program section	OMB CS	10
W15.P1	Practice	Rework, in sequence: Case 4-15 (recognition) → E/P 4-23 (voluntary nonexchange)	4-15, 4-23	20
W15.P2	Practice	Case 12-14 → E/P 12-22 (allowable costs), second pass	12-14, 12-22	22
W15.P3	Practice	E/P 11-22, 11-23 (single audit), second pass under current thresholds	11-22, 11-23	22
		Allowable / unallowable / need-more-		

W15.P4	Practice	information sorter — 15 real charge descriptions, each requiring a cited section	Authored	25
W15.C	Case	A grantor requests a revised report after the period closed. What are the options, and who decides?	Authored	12
W15.V ×6	Counterparty roleplay	Live voice, six personas: department head who thinks their budget was cut; unpaid vendor; citizen asking what the county spent on a road project; grantor requesting a revised report ; project manager disputing a coding; commissioner's aide wanting a number by 3 p.m.	C8	35
W15.M ★	Milestone	For one live county award: grant file map, period grant report (FFR/SF-425 or grantor form), reimbursement drawdown request with supporting expenditure detail, grant-to-GL reconciliation, and the SEFA line item with its Assistance Listing number	County work	120
W15.D	Drill	+28 cards: lifecycle stages ×5, post-award citations ×10, SEFA elements ×6, closeout requirements ×4, period-of-performance rules ×3. Quiz: MC 12-16		—

Roleplay scoring. Accuracy, traceability to a source document, plain-language clarity, and whether the learner correctly routes anything belonging to the public information officer rather than answering it.

Week 16 — Capstone

No new material. Three days.

Day 1 — Integration, cold and timed

ID	Item	Conditions	Min

W16.A1	★E/P 4-27 <i>Operating Transactions and Financial Statements</i>	Closed book, timed	60
W16.A2	★E/P 9-20 <i>Comprehensive Set of Transactions</i>	Closed book, timed	75
W16.A3	★E/P 9-27 <i>Converting from Modified Accrual to Accrual</i>	Closed book, timed	45

These three cover the full arc — record, close, report, convert. Performance here is the best single predictor of on-the-job capability.

Day 2–3 — Simulated audit

ID	Item	Conditions
W16.B	PBC package. The Manager agent selects 10 real transactions across funds, grants, capital assets, and payroll. Learner produces support, workpapers, and a memo for each	3 business days
W16.C	45-minute live defense. Manager agent as audit senior: presses on weak answers, requests documents not in the package, asks why a judgment was made	Voice, unscripted

Scoring

Full rubric across all eight competencies plus X and J. Targets:

Competency	Target
C1 Ledger integrity & reconciliation	Level 3
C2 Journal entries	Level 3
C3 Revenue cycle & receivables	Level 3
C7 Close, cut-off & year-end	Level 3
C4 Contract, agenda & budget review	Level 2–3
C5 Grants management	Level 2–3
C6 Capital assets & projects	Level 2–3
C8 Reporting & communication	Level 2–3

Level 4 anywhere is a promotion signal toward Accountant II. A human signs the final certification.

Standing threads — every week, all 16

Thread	Cadence	Content
Commissioners Court agenda	Weekly, from Week 7	Read the current agenda before the meeting; file a one-page abstraction log — every item with a financial effect, classified as contract / work authorization / change order / interlocal / grant acceptance / budget amendment, with amount, fund, project, and the accounting action it triggers. Compare against what the Manager agent flagged. This becomes a permanent job habit, not an exercise.
Excel ladder	15 min daily	Wks 1–4: absolute/relative refs, XLOOKUP, SUMIFS, text-to-columns, TRIM/CLEAN on ERP exports, conditional formatting, sorting a trial balance without breaking it. Wks 5–10: PivotTables, list-vs-list reconciliation, date functions for cut-off, data validation, building a reusable template, macro recording. Wks 11–16: Power Query to clean and merge monthly ERP extracts, a refreshable reconciliation workbook, workbook controls (checksums, tie-out cells that turn red), documentation that survives the learner leaving.
ERP ladder	Weekly	Inquiry and drill-down → standard reports → custom report in the report writer → how each module posts to the GL (AP, AR, payroll, purchasing, fixed assets, projects) → what the system cannot do , which is where the manual workpapers come from
Error journal	Every item	Four categories. Category 2 auto-injects 3 dual-track reps into the next Drill. Chart Category 2 rate weekly — its decline is the honest progress metric
Standards watch	30 min monthly	What changed at GASB; facts table review

Master assignment index

County-ACFR transfer thread (in order): 1-17 → 2-15 → 3-15 → 4-16 → 5-16 → 6-16 →

7-16 → 8-16 → 9-16 → 10-16 → 11-18 → 12-15 (budget)

Graded milestones: 3-24, 4-24, ★4-27, 5-25, 5-26, 6-25, 7-25, 8-19, 8-23, ★9-20, ★9-27, 10-20, 11-22, 11-23, 12-22

Spaced retrieval quizzes (delivered one week late): 1-19, 2-16, 3-16, 4-17, 5-17, 6-17, 7-17, 8-17, 8-18, 9-17, 10-17, 11-19, 12-16

Grants thread: Case 4-15 → E/P 4-23 → Case 12-14 → E/P 12-22 → Cases 11-14, 11-15 → E/P 11-22, 11-23 → Week 15 consolidation

Dual-track drills (extra reps when Category 2 persists): 4-20, 4-25, 5-18, 5-22, 6-18, 9-21, 9-22, 9-24, 9-27

Texas-relevant set: 4-19, 4-20, 4-21 (property taxes, TANs), 8-19, 8-23 (tax custodial, pass-through), 6-21 (legal debt margin), 5-22, 5-25, 5-26 (capital projects)

Excluded: Ch. 13 (assign only if the county passes funds to nonprofit subrecipients — then Q's on state and federal regulation as subrecipient-risk background); Ch. 14, 15, 17 (skip); **Ch. 16 becomes required and replaces Week 8 if the county has a hospital district or hospital component unit.**

Currency patch schedule

Wk	Patch
1	GASB 98 — ACFR renaming; navigating gasb.org
2	GASB 103 — MD&A, budgetary comparison as RSI
3	County availability period policy
4	GASB 100 — error corrections vs. changes
5	GASB 87 leases; GASB 96 SBITAs; GASB 104
6	County capitalization policy and project closeout procedure
7	GASB 101 compensated absences
8	Internal service rate-setting in practice
9	Tex. Local Gov't Code Ch. 113 & 115 — claims, requisitions, the county auditor's examination authority

10	GASB 102 certain risk disclosures
11	The county's own close calendar and conversion workpapers
12	Peer county ACFRs; GFOA Certificate of Achievement criteria
13	2024 Uniform Guidance — thresholds
14	TxGMS v2.1; Tex. Gov't Code Ch. 783
15	OMB Compliance Supplement structure
16	GASB 105 subsequent events (FYs beginning after June 15, 2026)

If time is shorter than 16 weeks

Cut in this order:

1. Week 8 (proprietary) to W8.P2 and W8.P6 only — **reinstate immediately if the county has significant enterprise operations**
2. Week 12 (analysis) to cases only
3. Week 14 to LO12-6 and the grants items only
4. Week 7 to E/P 6-18 and 6-25 only

Never cut: Weeks 3–4 (Chapter 4), Week 11 (Appendix A and the conversion problems), the county-ACFR thread, or the grants thread. Those four are the job.

After Week 16

Horizon	Activity
Months 5–12	One complete fiscal cycle — budget adoption, tax roll certification, Q1 close, mid-year amendment, year-end close, external audit, single audit, ACFR issuance — with a written debrief after each
Month 6	Begin a certification. GFOAT CGFO (Texas-specific, administered by TML) or GFOA CPFO (7 exams, 80% to pass, ~\$1,200 for two years, ~500 study hours). The text's Ch. 1–12 is what the authors themselves identify as the relevant span

Ongoing	TACA Fall Conference and On-the-Road Area Training; V.G. Young County Auditors Institute (~21 CPE hours, built for county auditors <i>and their assistants</i>); GFOAT programs
Sustainment	2 hrs/week: Drill continues, agenda abstraction continues, standards watch continues

Standards, thresholds, and effective dates reflect information available as of August 2026 and belong in the versioned facts table, not in lesson prose. Verify at [gasb.org](https://www.gasb.org) and [ecfr.gov](https://www.ecfr.gov) before encoding any threshold into content.
